EXPERIENCE

Research Intern - IIT Indore

Biomedical Signal Processing

📅 June 2019 – July 2019 📍 Indore, India

- Research and development of Biomedical Signal Processing in collaboration with IIT Indore.
- Working with team on design, development and integration of signal processing.
- Experience with performance analysis, optimizations and benchmark evaluations.

Machine Learning

Coursera

📅 Oct 2018 - Jan 2019 📍 Online

- Supervised Learning, worked on SL to train model to recognize the pattern in given data with more efficiently
- Worked on support vector machines (SVMs, also support vector networks) which is supervised learning models with associated learning algorithms that analyze data used for classification and regression analysis.

ACHIEVEMENTS

- TBC

TECHNICAL SKILLS

- Ruby, Ruby on Rails
- Git
- Bootstrap
- Tailwind CSS
- JavaScript
- HTML5, CSS3

PERSONAL SKILLS

- TBC

LANGUAGES

- English C1.
- Native Russian.

COURSES

Rails Winter 2017

Ruby on rails intensive goodprogrammer.ru

📅 July 2017

Codecademy

Learn Ruby

📅 July 2018

The Odin Project

HTML/CSS/JS/Ruby/Rails

📅 2022-2023

rubyschool.us

Ruby/Rails

📅 2023

EDUCATION

Bachelor. Academy of Tourism and Hospitality

📅 2008 – 2012 📍 Moscow

Moscow Academy of Economics and Law

📅 2003 – 2007 📍 Moscow

PROJECTS

Link Shortener

- <https://linksnipr.onrender.com> - is a user-friendly tool that shortens lengthy web links, making them easier to share.

WeatherApp

- <https://wa-jiv6.onrender.com> - Light weight Weather App. It take geolocation and shows current weather. Using Open Weather API.
